Hi Paola,

thanks for reaching out.

If you dispute this claim and mention that you gained access to the track using the Windows Photos App, it will be dropped. Hexacorp monitors use of my music on YouTube, and will remove the claim once they have that info from you.

Hope that helps.

Best regards,
Danilo

Message: Dear Danilo Stankovic,
I created a video using music on the a program called Photo and discovered when I published a Youtube exercise, that is your composition "178 Eternal". Sorry, the software did not say who the owner was. Would you allow me to use it please for a University project please. I will reference it as Stankovic, D. (date? please tell) 178 Eternal.

Thank you for your attention and I look forward to hearing from you.
